Anthony was vacationing in Cancun, Mexico with his parents. On August 27th, 2005 after a long morning of riding A-TV's, Anthony was swimming in the resort pool. Suddenly his parents heard that a boy was drowning due to the pool drain. They soon realized that it was their son. When his Mother and Father went to help him it was too late. His parents and one other guest tried to help pull anthony out but the 600lbs of pressure sucking him under was too strong. When Anthony had finally been pulled out 8 minutes had already passed and Anthony was gone. . he will be dearly missed and Forever in our hearts.
